2. COMPUTERISATION OF SCHOOL LIBRARY : It's happening at last! We intend to start issuing **all** items using the computerised library system from **Monday 21st April**. In order for this to be possible, we require all staff who borrow books for personal or class use, or send pupils to borrow for class use, to complete an application form. These should be available in both staff rooms and should be returned to the library as soon as possible. Staff will be issued with a library card which is **only for use in school**, and is separate from normal library membership. This card will be kept in the library and will entitle staff to borrow more items than normal, and for a longer period of time than happens at the moment with the old system. You will not be able to use this card in public or mobile libraries, and should you wish to borrow from there, you would need to use your existing library card or complete an application form in your local library. Any questions, please get in touch with either Jean or Shirley.
